wevideo | for Schools

WeVideo is an end-to-end video learning platform that allows educators to screen record, create and edit video content, then design interactive lessons in a single comprehensive solution. Our platform is designed for flexibility in learning management across entire schools and districts. Learn more about how we support video learning in comparison to Google Vids below.

	Google Vids	wevideo
Video Creation and Editing:		
Video creation	✅	✅
Ready-to-use, curriculum-aligned video content library	❌	Boclips integration
Large media stock library to enhance video creation	✅	✅
